

KEY TO NOTE:

- Regen Facades has been contracted by Bellway Homes to undertake mandatory **Fire Safety Remediation work at Turnberry Quay** (Waterford Court, Cashel Court & Clonmel Court) to both Internal and External areas of the building.
- Construction Level Design & Engineering is now underway as part of the Building Regulations process via the Building Safety Regulator (BSR) – this ensures critical safety standards are met prior to the commencement of works on site.
- Site Establishment & Scaffold Erection is anticipated from Spring 2025.
- Internal Condition Surveys are in progress with around 60% completed or scheduled. Please reach out to the RLO via rlo.turnberryquay@regenfacades.co.uk to arrange a suitable appointment. You are not obligated to have a survey, but refusal will mean that we do not action any internal repairs upon completion of the remediation works.
- A **‘Meet the Contractor Event’** followed by a Q&A session about the upcoming works is being scheduled to take place in March (the date of the event will be published in advance) – this will provide an opportunity for residents to meet key members of the team and learn more about the works ahead.
- Please download a copy of the latest newsletter and Frequently Asked Questions via the project website at www.turnberryquay-remedials.co.uk
